to me, Asha

Respected Dear Madam/ Sir

Greetings from 3M!

3M is one of the world's most innovative company in various fields with more than 45 innovations every year in the oral care sector. At the heart of these innovations is commitment to science, research and collaborations between various technology platforms developed indigenously at 3M. Discovery is a way of life at 3M and it is this path breaking technology that we wish to share with the upcoming dental practitioners .

3M India is pleased to announce the **10<sup>th</sup> Post Graduate Student Symposium** which will be hosted by 3M Oral Care, India from **29<sup>th</sup> Jan to 31st Jan 2020**

**Venue: 3M India Limited, R&D Center, Electronics City, Bangalore**

Meritorious students from the top 50 Dental Colleges in India will be invited to represent, interact and exchange ideas, and hear from experts on the latest technologies in Clinical Dentistry.

As part of the Dental School Program, we would like you to **nominate 3 meritorious Final Year Post Graduate Students**, one each from the Department of Conservative Dentistry, Prosthodontics and Pediatric Dentistry and send their names before the **2<sup>nd</sup> January 2020** to us.

Please note that the travel cost will have to be borne by the student. The hospitality (accommodation and food) will be borne by 3M. Students should make their own arrangements to reach Bangalore and check in at **The Lemon Tree Hotel, Electronic City, Bangalore** by 10am on the **29<sup>th</sup> Jan 2020**. Students may plan to leave on **31st Jan 2020** after 7.00 pm.

A tentative agenda is attached below for your reference.

The Students may contact any of our below Regional PS Managers for any further information & assistance:

- Dr Pallavi Patil ( West ) at 09833428868 / [pspatil@mmm.com](mailto:pspatil@mmm.com)
- Dr Priyanka Jain (North & East ) at 7042534306 / [pjain2@mmm.com](mailto:pjain2@mmm.com)

ted Principal Sir/Madam,

gs from 3M!

10/1/20  
10/6/19-20  
  
Dr. Keshava Konda

know **3M Oral care** has been the pioneer in developing path breaking products since several years, which are designed to simplifying procedures and bringing about predictability and confidence in carrying out dental treatments.

part of our endeavor to introduce 3M's unmatched science which help product developments using novel technology, we are holding a **half day symposium on 31<sup>st</sup> January 2020 at DA Pandu Memorial RV Dental College**. We would like to extend invitation to The Principal, Dean of the Institution, Head of the departments, all faculty members and post graduate students of the departments of your esteemed Dental College to join us for this program.

ynote speakers for the day would be **Dr Hidehiko Sano, Japan** and **Dr. YC Kwon, Korea**.

in 1 - Adhesive dentistry and Nano leakage with bonding agents - **Dr H. Sano**

er brief **Intro** – He is a world renowned adhesive technology teacher a researcher as well as the inventor of the micro-bond strength test and Nano leakage phenomenon.

in 2 – Advances in Direct restorative materials – **Dr. YC Kwon**

er brief **Intro** – He is the Scientific Affairs and Education Leader for 3M APAC in Oral Care Division.

ould be a great opportunity for the staff and students to listen and interact with both these learned speakers to understand cutting edge technology that 3M possesses that allows clinicians to carry out dental treatments with ease and predictability. Duration of the symposium would be from **9:30 am to 2:30 pm** in the college auditorium. Please find attached the profile for Dr. Sano.

revert back to **Dr Manikya Arabolu** at **9873796334 / marabolu.cw@mmm.com** to confirm the participants from your college.

Regards,

**Dear Dr. Asha R. Iyengar**

**Sub: Conduct of Workshop on Institutional Reaccreditation**  
**Ref: Meeting of Dr. Katre Shakuntala with Dr. Dinesh and Your Goodself**

In continuation with our earlier proposal of the workshop dated 1.08.2019, please find enclosed herewith our revised proposal giving details of persons who will deliver the lectures and conduct the group works. As there was an error in the total number of lectures in the earlier proposal, the same has been corrected and the necessary budget has been indicated. We need an LCD projector. Kindly arrange to have all the faculty members split into seven groups for carrying out the group work.

Thanking you again.

Sincerely,

Sd/-

**IDA DENTIST CONVENTION-2019**

Dentist convention-2019 was organised by Indian Dental Association, Bangalore Branch on 17<sup>th</sup> August, 2019 in association with DAPM RV Dental College. Theme of the convention being “**Dentist Back to Future**”, more than 150 students and around 200 practitioners from Bangalore attended the programme. The First lecture of the convention was by **Dr. Utkarsha Lokesh** on “**FACIAL REJUVINATION, ANTI AGING AND SKIN RESURFACING**”, who enlightened us on the various advanced techniques used in the field of Esthetic dentistry. This was followed by the second lecture by **Dr. Jagadeesh C** on “**DENTISTRY- THEN AND NOW....**”. He focused more on Evolution of dentistry, Evolution of dental practice and also on current advances in establishing and managing dental practice. Our next speaker was **Dr. Tarun Kumar, who spoke on “THE CENTRAL ESTHETIC TRAIT OF BONE, TISSUE AND RESTORATION**”, which plays a vital role in the field of dentistry.

This was followed by the inauguration ceremony, which was perfectly handled on stage by Dr. HariKiran. Chief guest was Dr. M K Panduranga Setty, G who addressed the gathering. Guest of Honours Dr. Asha R. Iyengar and Dr. Prakash H.P and Chief Patron Dr. Sudhakar M C, felicitated the senior dentists, Dr. T R Gururaj Rao and Dr. A V Ramesh.

Followed by inauguration of the Trade Fare, was a lecture on “**IMMEDIATE IMPLANTS TODAY: CORTICAL AND BASAL IMPLANTS**” by Dr. **Veerendra kumar S C**, who mainly dealt with the current trends of immediate implants and shared his valuable experience regarding the same. The final lecture was by **Dr. Anjan Shah** on “**BONE MANAGEMENT IN IMPLANT DENTISTRY**”, which was very informative and useful for the clinical practice. Also, Paper/ Poster Presentations were organised for which we received active participation by the students. Finally, the convention came to an end successfully with a vote of thanks by Convenor Dr. Deepak .S.

DAPMRV Dental College, Bangalore

To,

**The Principal,**

D A P M R V Dental College, Bangalore

Respected Madam,

**Sub: A Report on the CDE Program held on 10.07.2019**

Department of Pedodontics and Preventive Dentistry had Organised a Continuing Dental Education Program on the Topic "Hospital Dentistry for Children" on 10<sup>th</sup> July 2019. The resource person for the program was Dr V. Rathna Prabhu, Senior Pediatric Dental Consultant, at Kanchi Kamakoti Childs Trust Hospital, Chennai. There were 175 Delegates from various colleges from in and around Bangalore, including the staff, post graduate students and a few private practitioners as well.

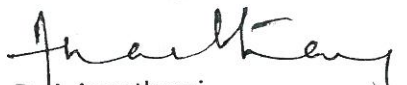

The topics covered included, the future prospects of pedodontic practice, the need for Hospital based dental practice for children, the indications, protocols for selection, documentation required, patient preparation, intraoperative operation theatre protocols, anesthetic agents and medications used for general anesthesia, and post-anesthetic complications.

The burgeoning population of the country, the increasing incidence of dental diseases in children presents both a fertile opportunity for pedodontics as well as a therapeutic challenge in children presenting with multiple and complex oral rehabilitative needs. With this perspective the above mentioned topics were comprehensively covered in a very interactive manner.

This was followed by a panel discussion lead by Dr. Priya Subraniam, Professor and HOD, Dept of Pedodontics, Oxford Dental College; and Dr. V. Rathna Prabhu, Dr. Kavitha Rai, Professor; Dr. Veena Arali, Reader, Rajarajeshwari Dental College and Dr. Vijaya Kumar, Anesthetist at Sevashetra Hospital. A lively discussion covered various aspects of pharmacologic management of pediatric dental patients, including conscious sedation, and practical advice to parents. The feedback for the program was very positive.

We are grateful for the Speaker, Dr. Ratna Prabhu for providing us valuable professional guidelines for Hospital Dentistry. We also thank all the panelists for their contribution to the program. We thank the Principal and the RSST for supporting us in our endeavor by sanctioning Rs. 40,000/- towards the expenses. We also thank Mr. Unnikrishna, Best Dental Equipments for his sponsorship. We also thank A to Zee Services caterers for providing the food.

Yours sincerely,

  
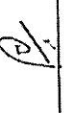

Dr. A. Anantharaj

Dear Madam,

Sub: - Report on CDE program conducted on 8/12/2018.

The Department of Prosthodontics organised a CDE program on **'Increase the Volume- Best Practices in GBR/GTR procedures'** on 08.12.2018 in the II floor auditorium of DAPMRV Dental College and Hospital, Bangalore. The speaker for the program was by **Dr Yuval Zubery, DMD, Israel**. This program was organised in association with Dental Experts and Indian Prosthodontic Society Bangalore Branch.

We had a total of 120 registrations for the program that included undergraduate, postgraduate students, faculty and private practitioners.

The program started at 10:15 am with a brief inauguration, with Dr Roopa as the MC and welcome address was given by Dr Mitha Shetty, introduction to the speaker by Dr Roshan Kumar. **Dr Yuval Zubery** spoke on how to increase the bone volume with GBR and GTR. He spoke on how the collagen membrane would help regenerate bone in cases where bone augmentation was required and also in cases where implants had bone loss.

The second half of the session he showed some complex cases treated by this technique, where he could get very good results.

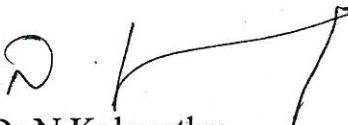

D.A.P.M.R.V. Dental College  
J.P. Nagar I Phase,  
Bangalore - 560 078.

The vote of thanks was proposed by Dr Archana and Professor and Associate Dean Dr N Kalavathy handed over a memento to Dr Yuval Zubery as a token of our appreciation. The program concluded with an interactive session at 12:40 pm. The speaker and the organising team had refreshments in the board room after the program. The delegates were served refreshments before the start of the program.

Feedback obtained from the participating students mentioned that the lecture material was very useful and updated their knowledge of recent advances in bone augmentation. **Dr Ravindra Savadi** who is currently the **President of The Indian Prosthodontic Society** also attended the program. He also communicated that the program was very well organised and was helpful.

Thanking You,

Yours faithfully,

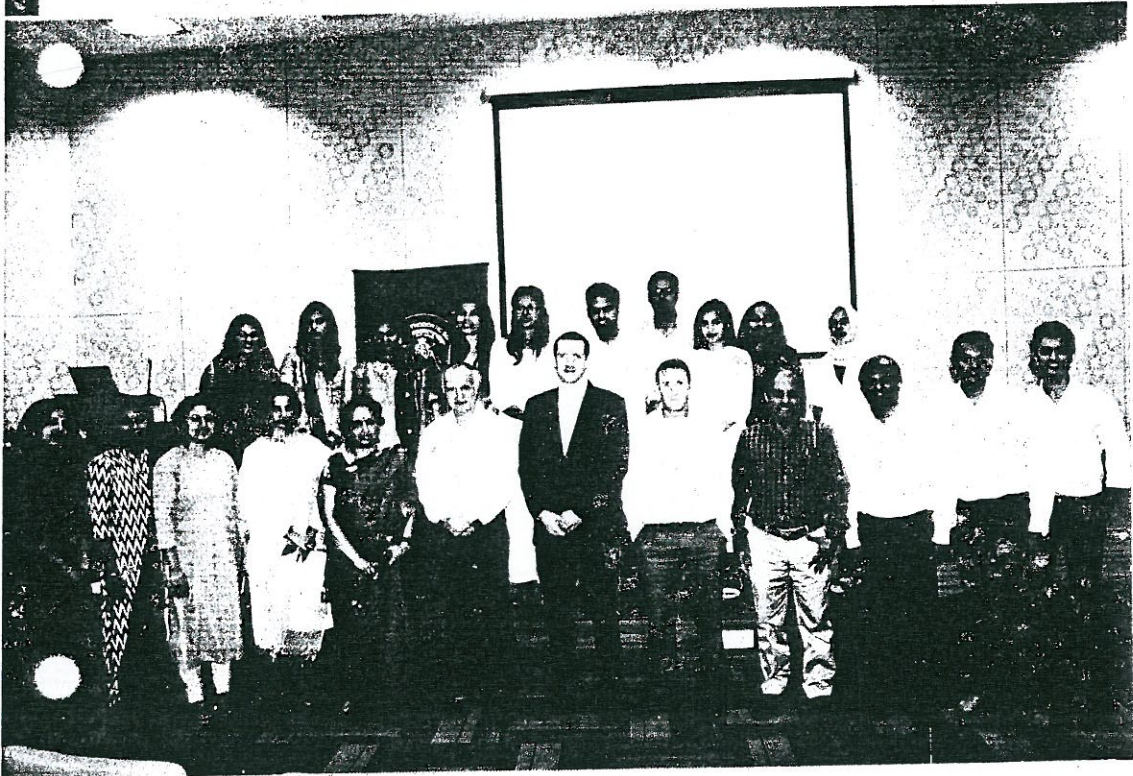

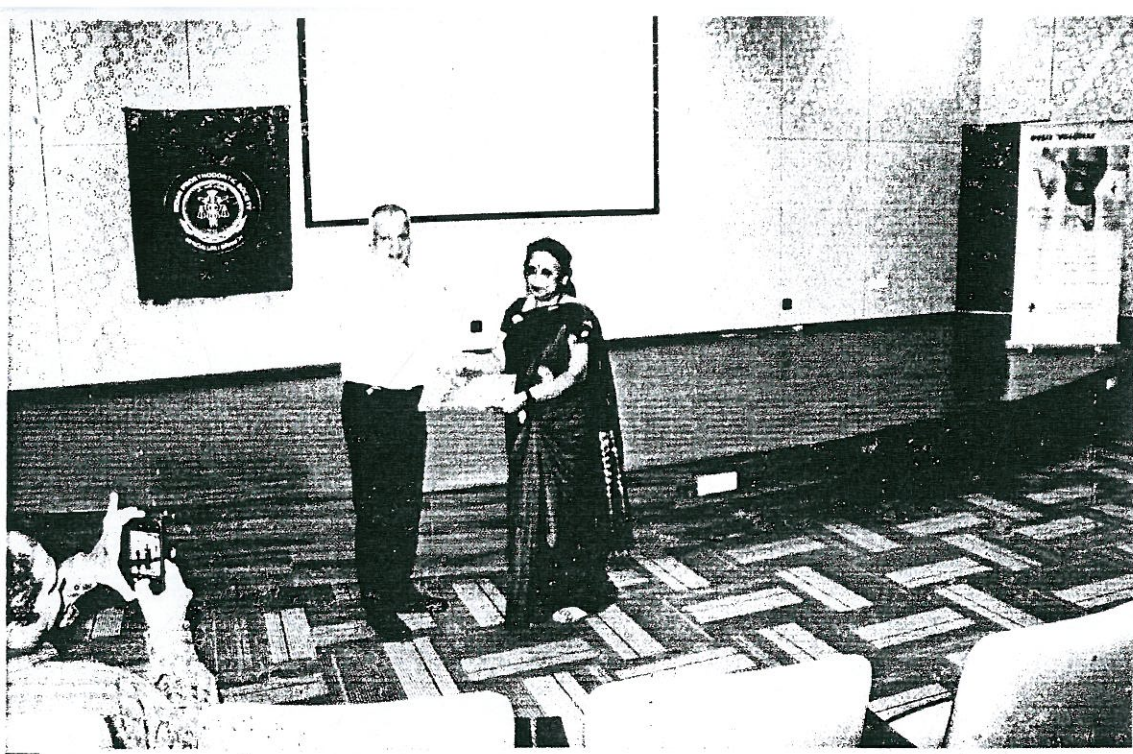

Dr N Kalavathy

**Report on the CDE program conducted on 04.09.2018**

The Department of Prosthodontics organised a CDE program on 'Comprehensive Interdisciplinary Treatment Planning – A Prosthodontic Perspective' on 04.09.2018 in the II floor auditorium of DAPMRV Dental College and Hospital, Bangalore. The speaker for the program was Dr Druthil Belur, an alumnus of our college. Dr Druthil Belur completed his BDS from our institution, DMD from Boston University and his MS in Prosthodontics from the Baylor College of Dentistry, Texas.

We had a total of 195 registrations for the program that included both students and faculty (114 from other colleges and 81 from our college)

The program started at 9:15 am with a brief inauguration that included an invocation song, lighting of the lamp and introduction to the speaker and the program by our Principal Dr Asha R Iyengar and the Head of the Department of Prosthodontics, Dr J Sridevi. Dr Druthil Belur shared his knowledge and expertise on the interdisciplinary treatment planning of a complex prosthodontic case. It was a very fruitful interactive session. After a short tea break Dr Dhrutil Belur presented various cases that he had treated which included full mouth rehabilitations, partial fixed dental prostheses, esthetic rehabilitations, all of which highlighted the importance of digital dentistry.

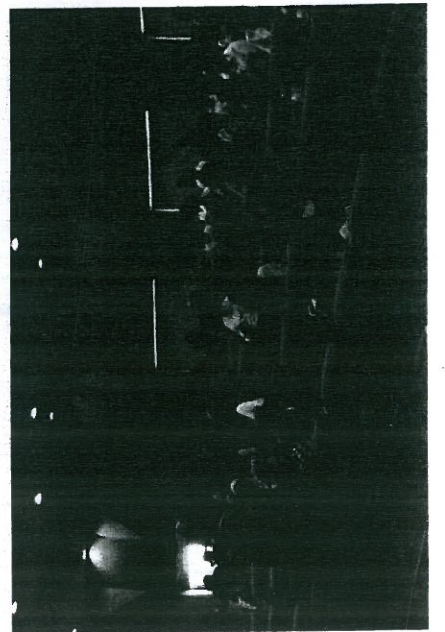

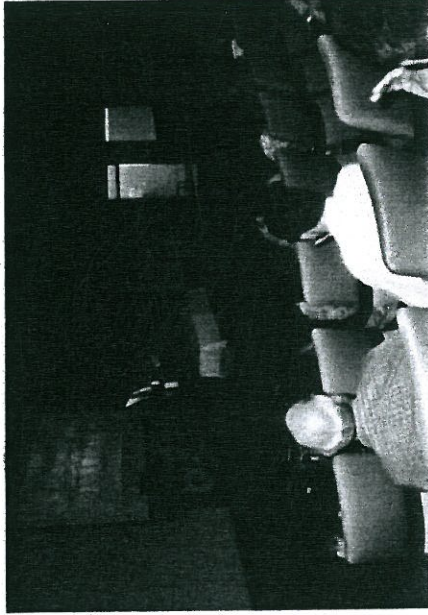

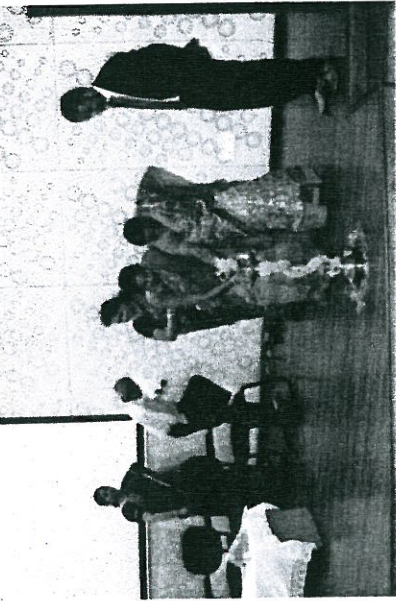

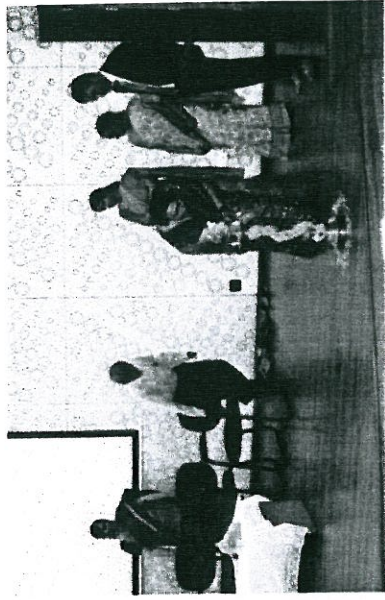

The afternoon session post lunch was a treat for enthusiasts of the digital world. Dr Druthil spoke extensively on optical impressions and the digital workflow in modern dental practice. He also gave a brief presentation on his award winning thesis.

The vote of thanks was proposed and our Principal Dr Asha R Iyengar and Professor and Associate Dean Dr N Kalavathy handed over a memento to Dr Dhrutil Belur as a token of our appreciation. The program concluded with an interactive session at 3:30 pm.

Feedback forms were circulated among the participating students and the students felt that the lecture material was very useful and updated their knowledge of recent advances in digital dentistry. The students found the discussion on the interdisciplinary treatment planning and advances in the digital workflow to be of value.

Respected Madam,

The Department of Prosthodontics had organized a CDE programme on "Comprehensive inter-disciplinary treatment planning- A Prosthodontic perspective" by Dr. Druthil Belur on 4th September 2018.

The total expenditure for this program was Rs.37, 710/-.

Rs. 33,900/- was collected as registration charges for 113 delegates inclusive of GST. Our trust had sanctioned Rs. 40,000/- for this program. Once the GST amount of Rs. 6,102/- is paid, we will be left with a balance of Rs.30, 088/-.

I kindly request you to permit us to use the balance amount for future research or CDE or free denture camp activities of the department of Prosthodontics.

Thanking You,

Your's sincerely,

(Dr. J. Sridevi)

# COURSE OUTLINE

## DIAGNOSIS & TREATMENT PLANNING

- Strategy to correct occlusal canting - The 5 things to look for from a cephalogram without tracing to acquire important clinical information
- Misinterpretations from cephalogram
- Canine Relationship: The "Dogmatic Principal" of orthodontic treatment
- To extract or not to extract, that is the question!
- Treatment strategy for Class II patients
- Treatment strategy for Class III patients, the utilization of Overlay wire
- B point: the first landmark you should read on a cephalogram and why
- Bracket bonding position is key to clinical success: but do you know it varies with different case type?

## BIOMECHANICS

- Whether to apply force to main arch wire or directly to tooth and why?
- New roles for mini screws, when to use bone on anchor plates?
- Tseng's bracket design and its convenience
- Wire bending techniques: paradox of preformed arch wire
- When to treat early? Why is retreatment more frequent now a days?
- How to close remaining spaces quickly?
- Clinical techniques to close spaces quickly?

## CLINICAL CASES DISCUSSION

- Deep Bite: The first hurdle before or during treatment of maxillary anterior labial flaring: very common case type in Taiwan
- How to treat open bite?
- Torque: The second hurdle and its management
- How to determine case difficulty?
- Midline correction
- Why does interproximal spacing occur randomly during treatment?
- How to align high canine quickly?

## ADVANCED DISCUSSION

- The joy of creating beauty: How to improve patient's facial profile?
- When to modify bracket?
- Elastic management during finishing
- Early debonding with clear retainer
- J-hook: a powerful tool for success
- Soldering: never underestimate its advantages
- How to bond brackets on lingual/ palatal side?
- Retention strategy, how long does fixed retainer last?

**International symposium**  
ON

**Contemporary Management of Skeletal Malocclusions**

Orthodontists have witnessed a paradigm shift in the management of skeletal malocclusions. From traditional removable appliances started in the mixed dentition to 'fixed functional appliances' in young permanent dentition and from facemask and chin cups to 'Bone anchored maxillary protraction devices, a whole new set of options have shown promise in correcting Class II & Class III Malocclusions during the last decade.

However, it is mandatory to understand these modalities with proper 'evidence' as well as long term data on how we can adapt these innovative treatments to our existing practices.

With this in mind, the first-ever International symposium on Contemporary Management of skeletal Malocclusions is being jointly organised by the Ortho Alumni Members of SDM Dental College and the Department of Orthodontics D.A.P.M.R.V Dental College, Bangalore on the 4th and 5th June, 2016. This event also marks the 75th birthday of eminent orthodontist Dr. V.P.Jayade.

**LECTURE HIGHLIGHTS :**

- Impact of 3D technology in Orthodontics
- Current protocols in Class II and Class III management
- CBCT analysis of Fixed functional appliances
- TAD supported Fixed functional appliances
- Early surgery for Class II malocclusions
- Management of facial asymmetries
- Current protocols in Bone anchored maxillary protraction
- Dilemmas in addressing Vertical malocclusions.

The faculty include Dr. Tung Nguyen from the University of North Carolina, USA, Dr. Sam Hsu, Chang Gung Memorial Hospital, Taiwan, Dr. Peter Vaughan from Australia and Dr. Narayan Gandedkar from Singapore along with five eminent Indian speakers.

Venue :- D.A.P.M.R.V Dental College, Bangalore

Sir,

In continuation of my telephonic talk regarding "Personal Branding Training for Faculty" from 1.30pm to 4.30pm at RSST, I would like to inform you that instead of staff against Sl.No.14 (Dr.Sudhir R), Dr.Asha Kumari PG will be attending on 3<sup>rd</sup> September 2018.

This is for your kind information.

Thanking you,

With regards,

*Asha R Iyengar*
